MODULATORS AND OSTEOPOROSIS

Examiner: D. Jiang

STATEMENT OF SUBSTANCE OF INTERVIEW

MS AF
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This statement is being filed as the Applicant is required to file a statement of the substance of the interview conducted on January 13, 2005 in connection with the above-identified patent application.

During the telephonic interview, the undersigned and Attorney of Record Peng Chen discussed the current status of the subject application with Mr. Anthony Caputa, with Mr. Caputa acting in his capacity as the Supervisor of Examiner Jiang in the Examiner's absence. It was determined and agreed that the Finality of the most recent Office Action, dated July 13, 2004 and identified as a Final Action, would be withdrawn. The Applicants and Mr. Caputa agreed that the response to the office action, which was mailed on December 13, 2004, would be viewed as responsive with respect to the grounds on which Finality had been imposed. The parties further agreed that the Notice of Appeal, which the Applicants would have been required to file by January

13, 2005, would not be required to preserve the applicant's right to further prosecution of the pending claims in the application. Mr. Caputa agreed to enter a statement to this effect into the prosecution record, with prosecution of the response filed December 13, 2004 to proceed upon Examiner Jiang's return.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 532212000200. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Dated: January 13, 2005

Respectfully submitted,

By 
Michael G. Smith
